Experience

2005 - 2006 Aspermont Limited

Inhouse Graphic Designer

Currently working at Aspermont Limited in Perth, Western Australia, Aspermont is a Print and Online Publishing company focused on the resources industry, work tasks include layout design, web design, print / advertising design, multimedia design.

Since commencing work at Aspermont in 2005 I have helped transform the company and its publications from "trade journals" to cleanly designed eye catching publications, working on such magazine as RESOURCESTOCK and PETROLEUM.

Major projects include:

- The design of new print publication PETROLEUM magazine
www.PetroleumMagazine.net
- Design of the website: www.contractorMagazine.net
- Branding of website: www.PNGIndustryNews.net
- Several cover designs for RESOURCESTOCKS magazine in 2006

2005 Orelogy Pty Ltd

Web Design

Design of the Orelogy Online website

Orelogy is a mining solutions company and needed a clean and easy to navigate website, incorporating the business colours of a deep red and shades of grey.

www.orelogy.com

2005 Mintox Media

Web Design

Designed and built the online home for Mintox Media.

A very strict brief was put forward by the client for the look of this website, all details of this brief where met.

www.mintoxmedia.com.au

2005 Raging Pixel Productions

Web Design

Designed and built the online home for Raging Pixel Productions.

Fast loading speeds and the ability to view the site in all screen resolutions was a priority

www.ragingpixel.com.au

2005

Central TAFE

Cert 4 In Graphic Design

Studied Cert. 4 in Graphic Design at the Western Australian School of Art Design and Media, undertaking such units as; Colour Theory, Drawing for Design, Design Elements, Typography, Photography, Illustration, Digital Illustration, 3D Design, and Concept Design

2004

Central TAFE

Cert 3 In design

Studied Cert 3 in Design at Western Australian School of Art Design and Media completed the course with a very high grade average and was noted as a stand out student and asked to further my "studies" with central TAFE by continuing with the Graphic Design Course.

2004

FTI / CADSA

3D Production / Texturing / Animation

Participated in the CADSA program held at FTI.

Worked on the video game project "Vortex" and Concept; Savageland

The game was based around the retro classic asteroids.

Savageland is a 3d roam around game concept.

All elements where made in 3D Studio Max, Adobe Photoshop

The game engine used was Dark Basic.

2004

Eduka Web Solutions

Sub Contract Designer

Completed design for the Perth Based web design company Eduka Web

Worked from home, with a very quick turnover rate with designs, that where of a high corporate standard.

www.eduka.com.au

2003

Central TAFE

Advanced Diploma of Art and Design (Animation)

Focused my studies on the video game design industry.

Completed a design bible for the concept game "In My Mind".

Completed a show-reel / trailer for the concept video game "In My Mind".

Skills gained during this time range from low polygon modelling, texturing, rigging, animations and set design.

Programs used; Adobe Photoshop, Maya.

During this time I attended the Australian Games Developers conference in Melbourne and gained an insight into the Game industry in Australia.

2003 House of Ernest

Web Design

Completely redesigned the House Of Ernest web site.

Gained valuable experience in Client relations and meeting deadlines.

Expanded sales at House of Ernest to include the Internet market.

www.houseofernest.com.au

2003 Bionic Hair Care Australia

Web Design / Corporate I'D

Designed and produced the Bionic Hair-care Australia web site and corporate ID.

Received Comments from around the world from other bionic hair care distributors including Japan and Italy, and have gained international contacts.

www.bionicproducts.com.au

2003 Touch My Design

Web Design / Graphic Design / Print
