DIRECTOR'S REPORT:

Registrations are now open for the Augusta Rally. Forms available on line. Some questions were raised concerning the sizes of tee-shirts/polo-shirts. The top 2 lines are normal sizes. Bottom 2 lines, no idea, but will try to find out and, if important, will let everyone know. Requests have been made for long-sleeved tee-shirts rather than the short-sleeved ones, so will find out prices and add to the order form. To date, have 20 registrations already in.

SECRETARY'S REPORT:

Announced that the DataDot leaflets and order forms (as discussed in the February 2009 Chapter Meeting) are now available. Anyone interested in accessing this useful crime-prevention device is encouraged to see Kris at the end of the meeting.

TREASURER'S REPORT:

Financial report circulated and explained.

EDITOR/MERCHANDISE:

Next magazine due. Some stories still outstanding plus some photos. Articles needed by October.

ACTIVITIES OFFICER'S REPORT:

The Hog Line is out of action. For information on rides, call Dusty. Gave a run-down on up-coming rides. Confirmed that the next Kalbarri ride is on for June 5,6,7 2010, and the next Kalgoorlie/Esperance ride scheduled for September 25, 26, 27 2010. Those wishing to go on the Missing Director's ride need to book their own accommodation. We are planning to arrive approximately 1.00 pm and will put up a bbq lunch at the hotel. Any problems or feedback, please ring Kel.

LADIES OF HARLEY:

We have tipped the \$3,000 mark for Camp Quality - thanks to everyone for their support. The next

LOH ride is this Sunday, and a reminder that one can ride any bike on this ride. Breakfast is \$22 per head, and can those wanting breakfast please let Sian know in advance so that it can be booked.

SAFETY OFFICER'S REPORT:

As everyone will be aware, the Motorbike Show was on, and MRA was doing a big thing with safety and organising rides for us bike riders, with road safety tips available. Concerning our HOG rides, the Road Captain will take us to our destination, where the ride officially ends. However, those wishing to tag along on the return journey are reminded that the same ride rules and formation apply.

PROPERTY OFFICER'S REPORT:

Thanks to Willy for providing all the material for the sea-container, and to Greg Beck for helping to put up the roof. The job is now at least half-done. Regarding the trip to Kalbarri next year, if anyone is interested in going, let Spike know, and he will try to organise a get-together for the Saturday night. However, he will not be arranging the accommodation this time.

GENERAL BUSINESS:

Warrigal announced that, from 13th July to tonight's meeting, Clive Snowden qualified for the TEC badge. A record achievement that warranted our congratulations!

Nev wished to remind us of the HOG Perth Rider Incentive - attendance sheets are kept of all rides and all riders who have done 5 rides are eligible for the Rider Incentive draw prize. 83 members are qualified this year.

Nev also wished to clear up any misconceptions regarding the Missing Director's Ride. Basically, of the six Director Rides, Nev has made five, missing one due to work commitments. This missing ride is now being 'made up'.

Jacque Liddiard said that some members have mentioned that, when they receive their magazine, they have had to hunt for the Committee Information and What's On sections. These are now placed in the centre of the magazine for ease of access.

The fines and raffles were conducted with maximum volume, hilarity and input.

There being no further business, the meeting was declared closed at 8.23 pm.
