

Just Like That

A song by Kieran Kane and John Hadley©2004 Glacier Park Music

Dm	G
History lesson number one	But there's one thing we
There's not a thing that can't	haven't done
be done	A
Somewhere in this world of	We haven't learned to live as
doubt	one
Someone's gonna work it out	
G A Dm	Dm
There you go just like that	We stand behind our
	borderlines
Dm	And talk about it all the time
We learned to crawl we	History lesson number two
learned to walk	Not what you say but what
We learned to fly at Kitty	you do
Hawk	G A Dm
Next thing you know one	There you go just like that
afternoon	
We're driving golf balls on	Dm
the moon	We try to find the peace
G A Dm	through war
There you go just like that	Although it's never worked
	before
Bridge:	If we want peace we've got
G	to start
We've learned how to take	To heal the hurt in every
our dreams	heart
Dm	G A Dm
And turn 'em into fine	There you go just like that
machines	There you go just like that
