Change the World

Oz Simpol is the official Australian partner in the International Simultaneous Policy Organisation (ISPO). Oz Simpol encourages ordinary Australians to oblige their political representatives and government to move toward co-ordinated international resolution of global issues for the good of all.

All you need to do is sign up as a Simultaneous Policy Adopter at the Oz Simpol website which costs you nothing. By so doing you agree in principle to vote at elections for any candidate, within reason, who has signed a pledge to implement the Simultaneous Policy alongside other governments. Alternatively, if you have a party preference, your Adoption signifies you will encourage your preferred party to make this pledge. This is the simple mechanism Adopters use to advance their cause.

Simpol's approach is peaceful, open, and democratic. If you Adopt you will have the opportunity to contribute to the formation of specific policies that answer global problems and join with others in using your vote in a new and effective way to drive the politicians of all parties to implement these policies.
