

## Addendum – Artistic State Subsidies

A proposal was put forward for the club to contribute something by way of a subsidy toward the registration fee of those nominating in Upcoming Artistic State Champs. An amount of \$30.00 per skater was suggested to be funded by Artistic Branch Account.

The anticipated cost to the club (from Artistic account) is approx \$720 across the 2 events. This is based on entries to League 2 and 3 of approx 24 skaters, including Novices.

The committee voted 4 FOR/ 2 AGAINST with the President requesting that Novice Skaters also receive a similar subsidy for their Novice Champs (if not already subsidised at States).

Communication went out to Artistic Members informing them to factor this in when paying.

It was noted that subsidies are an annual decision for the committee to consider as they will require fundraising efforts.

Further discussions needed regarding potential League 4 subsidies.
