

Morley Panthers Rollerskating Club

Art Rep Report - February 1 2022

- We had a successful development comp in Bunbury with 7 skaters competing
- Distribution of boot covers has started and have been received well.
- We have more members joining the club, some brand new and some transferring from another club
- Have not heard anything back about membership levels

App:

I have been playing with a new potential app that could be used for the club in the future. Could either be used for uniform and finding training schedules and dates of comps. We could also attach social medias and photos to the app as well. I have set up 2 teams within the Morley Panthers, speed and artistic.

We can invite and accept members; we won't have random people on there. The only costs associated with it would be for processing payment through the store other than that it is all free.

We don't have to use all parts of it. We can pick and choose what we use it for. Just could be a potential option.

Upcoming events:

League 1 - 19th & 20th of Feb
