

# Morley Panthers Rollerskating Club

## Artistic Rep Report - June 14, 2022

- League 3 was due to take place 11-12 June. Figures were at Morley Rollerdrome on the Saturday morning and the rest at Kingsway Saturday afternoon. Many thanks to all the official and volunteers who ensured the event ran smoothly that day, especially since a few key behind the scenes people were unable to attend the competition for various reasons. Competition on Sunday, however, unfortunately had to be cancelled for safety reasons. Heavy rain meant there was water on the floor at setup and despite best efforts to dry the floor, by 11am it was still considered too risky for skating and League 3, day 2 was called off. Currently it is uncertain if League 3 will be postponed or cancelled entirely but competitors for Sunday's events will be refunded.
- Nationals from 2-9 July in Queensland is the next skating event on the calendar followed by League 4 on 20 & 21 August. Nominations for League 4 will close Friday July 15<sup>th</sup>.
- Cobras Rollerskating club are hosting their development competition at Midvale speed dome on July 30. Information has been shared about nominating for this and there has been interest from our development skaters. Once Nationals is over I will discuss a date with Ozzy for Morley to host the next development competition, probably around early September to fall between the Cobras competition and the Novice and Development Championships in October.
- The last of the club jackets have now both arrived and collection arranged.
- Orders for training uniform and a repeat order of training jackets (which has proved very popular) will be going in to Engage within the week. There has been a good response to the items with healthy orders from members. A number of members who did not purchase jackets first round have taken this opportunity to use their subsidies.
- I have had a few inquiries about joining the club (3 in the last month) and have shared the information with them.

Kate Williams - acting Artistic Rep.
