

# Astrological Indications

The laying of the foundation stone for the temple on the new land was done by Srila Tirtha Maharaja under the guidance of a pure Vaisnava, Srila Narayana Maharaja, indicating all success. This was done on Akshaya Tritiya which is the anniversary of the 1st day of creation. Any project began on this day will last. At that moment the following planets were exhalted: Sun, Moon, Mars, Jupiter, Venus, Rahu & Ketu, indicating auspiciousness and success. Immediately after the ceremony, there was a brief shower of rain: a good omen also indicating auspiciousness.

## The Heavens on Aksaya Tritiya at the time of Sri Bhumi Puja

On May 4th 2003 at 9:35 am, on Aksaya Tritiya, a Bhumi Puja was performed in Murwillumbah for the inauguration of Sri Giriraja Govardhana Gaudiya Matha. At this time, in the heavens, each and every demigod moved into fully auspicious yogic asanas thus illuminating all directions. All was flooded with light; there was not one point of darkness within 360 degrees, not one atom. The atmosphere was under the complete control of yoga maya.

The mandala of the heavens locked like a key into the spiritual sky and all that was supreme reigned and rained down. This time was replete with elaborate descriptions of Sri Gauranga Mahaprabhu's transcendental pastimes. It is a homage to the manifestation of Time Himself, the Supreme Lord, Sri Krsna. This is an atmarama chart, meaning it does not need a complimentary chart. Still, the blueprint of the heavens, one moment before this, on May 15th 2002, is its complement. (One moment in the life of Lord Brahma is equivalent to one earthly year.) At that moment all paid their prostrated obeisances to Sri Gauranga and Sri Sri Radha Krsna conjugal. Then, in the next instant, they simultaneously manifested the most powerful heavenly yogas beginning with the fully manifest mahaparusha yoga that is contained and distributed in full measure throughout the chart. This is the single greatest sign of the manifestation of pure bhakti yoga. It was a moment in which the demigods revealed the source of the entirety of their power. All doshas and gunas were suspended as a transcendental weather pattern descended that will not leave our planet for a long time. Like a conch before arati, this chart heralds in a fresh momentum of the coming of the yuga dharma of Sri Hari Nama.
