

A LIFE TO LIVE

August 19-27 2008

U3A Darwin is planning another exciting conference during *Seniors Month* in August 2008.

Following our most successful 1997 conference, *Dalliance in the Dry - Darwin 1997*, we will extend your knowledge of our Northern Territory, introducing you to the wonders of a truly multicultural society.

The conference will be held at an inner city hotel, where we would encourage you to stay (but other accommodation will be available to suit all tastes), with lectures held on Wednesday, Thursday and Friday.

Saturday and Sunday are at your leisure. Perhaps a trip to Kakadu or a relaxing day at the races, then a visit to our popular Museum and Art Gallery to view the internationally-renowned National Aboriginal and Torres Strait Islander Art Award? Another superb exhibit will also be showing at that time, but that is as yet a secret. We will visit the Chung Wah Society Museum and Temple showing the Chinese influence on our society, and at each of these places a curator will talk about the exhibits.

...so why not plan to come?

We intend to call for expressions of interest early in 2006, and open our own U3A Darwin web site about then also. Further information will be available on the web site as our program becomes more definite.

Costs at very reasonable rates will be available early in 2008.
